| <i>All children's classes include materials. Fee is for 4 classes. Mixed Media covers drawing, hand building in clay and painting.</i> |                       |          |                   |       |

Classes are offered for children, Kindergarten through High School, in a structured setting which supplies students with the necessary skills to express their creativity. Emphasis is placed on the basics of drawing, painting, composition, and color theory. Hand-building in clay and painting on ceramic tiles are also taught. All firing and glazing is done on the premises.

Adult classes meet in a group setting. Students receive individual instruction to accommodate their various levels of abilities. Teaching is available in drawing and painting, in watercolor, oils or acrylics. Adults are required to supply their own materials. All skill levels are welcome. Adults may also learn how to paint on bisque ware (vases, mugs, plates, etc.) or hand built clay slabs. Materials and firing are available at a nominal cost.

Hand building in clay is also offered. The basic skills of coil, slab and pinching are covered, preparing the student for the more advanced techniques required for sculpture. Materials and firing are available at a nominal cost.
